

Test probe 6-24V DC with 5 m cable

Article No.: 150.1670

EAN: 4042146197738

Promotional price: €115.50 *

Description

- ideal standard lamp with many test functions
- with replaceable probe for the optional expansion with commercially available inspection and test components
- high speed functional testing without removal of components
- via toggle switches can be plus or minus given to the probe
- built in bi metal short circuit protection
- no protection wear for troubleshooting
- version with replaceable probe and alligator clip
- immediate continuity test of switches, relays, diodes, fuses, wiring harnesses etc.
- for the operation of electronic components, such as relays, fuel pumps, window motors, switches, lamps etc.
- for determining poor ground connections
- immediate polarity determination via red/green LED display
- changing acoustic signals depending on the polarity
- power can be supplied immediately at the push of a button with the tester
- built-in bimetallic short circuit fuse (7.5 A), therefore no fuse wear during troubleshooting
- cable with shielded crocodile clamp and pole terminals
- 5 metre cable length
- stainless steel probe

Properties

Application area:	6 - 24 V DC
Cable length in m:	5
Function attribute 1:	for checking electrical problems
Packaging contents:	1
Packaging height, mm:	60
Packaging length, mm:	288
Packaging width, mm:	131
Replacement test tip:	150.1671
Test probe diameter:	4
Weight [g]:	500
