

Turbocharger charged air system inlet test adapter, bayonet

Article No.: 150.1832
EAN: 4042146623442
RRP: €46.21 *

Description

- inlet adapter for closing the charged air system
- for passenger car and commercial vehicle turbo engines, diesel and petrol
- allows rapid diagnosis by pressure testing the charged air system with bayonet connector diameters 31.0 - 61.0 mm when fitted
- time-saving and professional testing of leaking charged air cooler and hidden cracks in the charged air hoses
- also for checking the tightness of the AGR valve
- suitable for all current hoses on the charged air system that are fitted with a bayonet connector
- in the event of pressure loss, the leak can be quickly and simply localised by scanning the part or using leak spray
- can be used together with compatible counter stopper adapters and air inlet system adapters and in combination with a conventional tyre inflator

Properties

Diameter in mm:	61,0
Packaging contents:	1
Packaging height, mm:	69
Packaging length, mm:	82
Packaging width, mm:	82
Weight [g]:	105
