

Universal air inlet system adapter with hose for 150.1825

Article No.: 150.1896
EAN: 4042146623701
RRP: €93.20 *

Description

- compatible with the bayonet turbocharger charged air system test adapter
- for passenger car and commercial vehicle turbo engines, diesel and petrol
- time-saving and professional testing of leaking charged air cooler and hidden cracks in the charged air hoses
- also for checking the tightness of the AGR valve
- in the event of pressure loss, the leak can be quickly and simply localised by scanning the part or using leak spray
- with integrated overpressure safety valve - opens at max. 1.8 bar
- the pressure gauge on the tyre inflator also indicates pressure loss
- can be used together with an inlet test adapter and counter stopper and in combination with a conventional tyre inflator

Properties

Packaging contents: 1
Packaging height, mm: 30
Packaging length, mm: 162
Packaging width, mm: 138
Weight [g]: 120
total length mm: 360.0
