

Brake bleeder, 5 litre

Article No.: 160.0700

EAN: 4042146271346

Promotional price: €755.50 *

Description

- portable brake maintenance device
- also suitable for ABS systems
- one-man operation
- very good and user-friendly processing
- mode of operation for use with original containers up to 5 litres
- will not over-fill the amount of brake fluid required
- pressure-free uncoupling on the vehicle
- pulsing fluid flow ensures that even the smallest air pockets are removed from the brake system
- fast, clean and environmentally friendly working
- pressure regulator and analogous pressure notice shows on the device front
- automatic end switching off in empty container
- no bleeding of the device when changing containers is necessary
- manual on switch and empty switch
- includes optimised suction hose with universal cone for original container and Euro adapter E20
- not suited for mineral oil
- steel housing

Properties

Accessories:	including rubber cones set and euro adaptor E20
Application for:	Reifenbetriebe, Tankstellen, kleine Kfz-Werkstätten
Dimensions:	400 x 200 x 300 mm
Filling hose length:	3.5
Frequency:	50
Material1:	steel
Operational voltage:	230 V
Packaging contents:	1
Packaging height, mm:	224
Packaging length, mm:	385
Packaging width, mm:	292
Power plug:	Protective contact plug up to and including IP21 (02)
Voltage plug:	230
Weight [g]:	7000
Work pressure:	0.5-3.5
max. Container size:	5 L
