

## Brake maintenance device KS20, 20 l

**Article No.:** 160.0705

**EAN:** 4042146271377

**RRP:** €3,168.49 \*

### Description

- portable brake maintenance device
- one-man operation
- very good and user-friendly processing
- integrated suction for extracting the old brake fluid
- prevents damage to the ABS system
- mode of operation for use with original containers up to 20 litres
- will not over-fill the amount of brake fluid required
- pressure-free uncoupling on the vehicle
- pulsing fluid flow ensures that even the smallest air pockets are removed from the brake system
- fast, clean and environmentally friendly working
- pressure regulator and analogous pressure notice shows on the device front
- automatic end switching off in empty container
- no bleeding of the device when changing containers is necessary
- manual on switch and empty switch
- includes optimised suction hose with universal cone for original container and Euro adaptor E20
- not suited for mineral oil
- steel housing

### Properties

<b>Accessories:</b>	including rubber cones set and euro adaptor E20
<b>Application for:</b>	Reifenbetriebe, Tankstellen, kleine Kfz-Werkstätten
<b>Dimensions:</b>	1000 x 400 x 400 mm
<b>Filling hose length:</b>	3.5
<b>Frequency:</b>	50
<b>Material1:</b>	steel
<b>Operational voltage:</b>	230 V
<b>Packaging contents:</b>	1
<b>Packaging height, mm:</b>	420
<b>Packaging length, mm:</b>	1050
<b>Packaging width, mm:</b>	440
<b>Power plug:</b>	Protective contact plug up to and including IP21 (02)
<b>Voltage plug:</b>	230
<b>Weight [g]:</b>	20000
<b>Work pressure:</b>	approx. 0.4-3.5
<b>max. Container size:</b>	20 l
