160.0090	 A technical drawing of a universal motor support crossbar. It shows a central horizontal shaft with two vertical support arms extending upwards. The drawing includes three circular callouts: one at the top left showing a detail of a mounting hole, one at the top right showing a detail of a bearing or pulley, and one at the bottom left showing a detail of a mounting bracket. The main drawing is in a perspective view.	430,50 € *
